Subject: American Services Group (ASG) Launchpad LIVE + Principal Directive — Asset 11 Lane Lock, Discrepancy Reporting Standard, Catch-Up Report Demand — 28 May 2026

Andy, Robert —

Two things in this email. First, the American Services Group (ASG) Launchpad readiness handoff. Second, the Principal Directive on Asset 11 that needs to land tonight. Read both. Reply in writing.

═══ PART A — ASG LAUNCHPAD LIVE AND VERIFIED ═══

The Launchpad is live.

The Source-of-Truth tab answers every accounting question you raised about the version 8 (v8) workbook, the Chief Compliance and Risk Officer (CCRO) Counsel line, the Federation Protection Services (FPS) to Federation Protection Force (FPF) rename, Federation of States Executive Protection Services (FOSEPS)-supporting versus non-FOSEPS personnel, the off-site Afloat

Forward Staging Base (AFSB) support chain, the joint-operations vessel envelope, and Seven Fleets by class and by geographic theater.

Open this first: https://cerulean-starlight-e41964.netlify.app/

Share Center hub: https://cerulean-starlight-e41964.netlify.app/SHARE.html

Printable handoffs attached as Microsoft Word documents (.docx):

- Maritime and Aviation Accounting Directive version 1.3
- Operations Cadence Q2–Q4 2026
- Claims and Recovery Operations (CRO) Performance Bond Operating Doctrine version 2.0
- Continuity Protocol version 2.0
- Critical Incident Stress Management (CISM) Operating Protocol version 2.0
- Environmental Compliance Operating Doctrine version 2.0

These six documents are in force as of 28 May 2026. Patch-forward only.

═══ PART B — PRINCIPAL DIRECTIVE: FOUR-ASSET ARCHITECTURE LOCK ═══

Structure Andy laid out on the 2026-05-22 Friday call is right in the bones.

This memo locks the four-asset architecture:

- Asset 11 American Peacekeeping Academy (APA, the school umbrella) +
- Asset 12 American Peacekeeping Standards Board (APSB, the independent accreditor) +
- Asset 13 American Public Service Certification Board (APSCB, the independent credentialing body) +
- Asset 14 American Peacekeeping Executive Association (APEA, the International Association of Chiefs of Police (IACP) parallel as the professional executive association).
- 41 schools across 7 clusters under APA.
- American Coastal and Littoral Academy (ACLA) replaces the prior Maritime Institute of Technology and Graduate Studies (MITAGS) function.

Two new standing rules attached.
Section 8 is the receipt — fair warning, has some edge — but read it knowing I do appreciate what each of you is putting in. Hard nights like this build something that lasts.

═══ SECTION 1 — ASSET 11 (APA) — EDUCATION LANE ═══

Lane 1 = American Peacekeeping Academy (APA) umbrella, 41 schools across 7 clusters:

- academic core (American Institute of Technology and Graduate Studies (AITAGS),
- The Emergent American College (TEAC), four Institute of Technology and Graduate Studies (ITAGS) institutes);
- Vinnie Mastropieri's Aviation Command (AVCOM) cluster of 10 schools;
- maritime cluster of 7 (including new American Coastal and Littoral Academy (ACLA), which replaces MITAGS);
- ground / tactical / specialty cluster of 9 (Federation of States Executive Protection Services (FOSEPS)
- Executive Protection Academy,
- ASG Special Operations Division (ASG-SOD) Academy,
- Airborne Operations Academy, American Peacekeeping Communications Mobile Dispatch
- — Emergency Services Unit (APCMD ESU) Triple-Cert Operator School capstone,
- American Peacekeeping Communications (APC) Operator Academy,
- Medical Command Division (MEDCOM),
- Office of Intelligence and Investigations Command (OIIC),
- Continental Marshals Service (CMS),
- Peacekeeping Task Force (PKTF));
- AIMDI Decoy School;
- doctrinal cluster of 6 (Anna Von Reitz (AVR),
- Constitutional Enforcement Seminar embedded in The Crossing,

- AMERI,
- GLOBAL,
- ParaLawful American Guardian (PAG),
- Buffalo Publishing);

specialty / adjacent cluster

- Railroad Mobility Command Rail Academy (RMC-Rail Academy) and
- Retired Service Member Network (RSMN) Peacekeeping Academy.

Lane 2 = American Peacekeeping Standards Board (APSB), the independent accreditor inside Asset 12. Sets standards, runs facility audits, issues accreditation status. Private, lawful, Original, Superior, Concurrent, General Jurisdiction (OSCGJ) — not defacto.

Lane 3 = American Public Service Certification Board (APSCB), the independent credentialing body inside Asset 13. Administers final proficiency exams, verifies competence, issues the credential / badge / identification (ID), maintains the registry of credentialed peacekeepers. Lane 1 trains, Lane 2 accredits the trainer, Lane 3 certifies the student.

Asset 14 = American Peacekeeping Executive Association (APEA), restored to its International Association of Chiefs of Police (IACP) parallel role. NOT inside Asset 11 — peer institutional asset. Holds member chiefs and command-level executives. Own revenue spine: dues, conferences (parallel to IACP at $25 million-plus per year), publications, certified-instructor licensing, founding-board fees on Assets 11 / 12 / 13, sponsorships.

Same governance triangle every regulated profession uses (Peace Officer Standards and Training (POST) commissions / academies / agency badging; state bars / law schools; Liaison Committee on Medical Education (LCME) / medical schools; IACP / Commission on Accreditation for Law Enforcement Agencies (CALEA) / academies). ASG does it lawfully under OSCGJ as a private Unincorporated International Association (UIA) trust structure.

SECTION 2 — ANSWERS TO YOUR THREE QUESTIONS

Question 1 — Is APEA accrediting in the defacto system? No. The accreditation function sits in Asset 12 (APSB), and it accredits under OSCGJ as a private UIA. Defacto agencies, sheriff's offices, and Emergency Medical Services (EMS) services opt in by contract — they sign an accreditation Memorandum of Understanding (MOU) with APSB. We do not ask permission from POST or the Department of Justice (DOJ). We offer a lawful parallel they can elect into.

Question 2 — Research lane? Lisa was right that research is conducted at the individual Lane 1 facilities (the campuses). Governance of research — Institutional Review Board (IRB) equivalent standards, methodology audit, publication review — sits in Lane 2 under APSB. ITAGS is the research home inside Lane 1. Schedule D holds all Intellectual Property (IP).

Question 3 — Existing schools and the 20–30 million legacy personnel? Two parallel tracks.

- Facility track: APSB accredits existing academies, community colleges, fire / EMS schools, and federal training centers by contract. No shutdowns; overlays the standard on the existing footprint.
- Lateral Entry / Reckoning track: 20–30 million working peacekeepers and EMS personnel through The Crossing (the three-book field manual published by ASG Buffalo Publishing under the Jefferson Paine pen name:

1. Book I Law Enforcement system diagnosis,
2. Book II Constitutional Enforcement Seminar / AVR framework expanded,
3. Book III warrior-to-guardian)

plus Buffalo Publishing Books 1–5

- (Leadership Excellence Guide,
- Eternal Vigilance Uniform Commercial Code (UCC) 1-308,
- OSCGJ Ultimate Constitutional Authority,
- Nuclear Option,
- Understanding Court Articles)

layered on top of the ASG Lawful Authority Compendium (LAC).

Entry point: Chapter 4 of the PAG Starter Kit, "The Reckoning," which crosswalks into Book II of The Crossing. Compressed timeline approximately

40–80 hours depending on prior qualifications.

SECTION 3 — ASSET 5 CONFIRMATION (LISA)

Desert Valor Support Services (DVSS), Buffalo Shield Support Services (BSSS), American Services Group Wilderness Adventures (ASGWA), and American Services Group Ocean Adventures (ASGOA) all sit correctly under American Services Group Wellness Operations (Asset 5). The Wellness Council governs Asset 5, not Asset 11. Different trusts, different mission, no merger.

SECTION 4 — DISCREPANCY REPORTING STANDARD (EFFECTIVE TODAY)

Every discrepancy flagged to the Principal must include — in writing — all five:

1. Document name and version.
2. Page, section, or chapter where the issue lives.
3. Exact text or value in dispute — quoted, not paraphrased.
4. What it should say, with canon source cited (Schedule D, PAG volume, memory file, prior session memo).
5. Downstream impact if uncorrected.

No more vague flags. If you cannot list line-by-line, you have not audited the document. Same rule for all. Subject Matter Experts (SMEs) on each lane keep their own discrepancy logs in this format as standalone memos.

SECTION 5 — CATCH-UP REPORT DEMAND (ON THE RECORD)

Five months of asking. Five months of feeding answers. Zero reciprocal paper trail. Catch-Up Reports were due 2026-05-18 per the Session 36 (S36) Principal Notification Rule. We are ten days past, any of you actually giving a a flying fart.

Owed in writing — today, not next Friday: catch-up report from the executive layer; status of all open Non-Conformances (NCs) from the last memos I sent - you're probably going to have to go way back into your inbox to find them;

Onboarding Handbook; APSB accreditation standard version 1.0 draft; executive-layer review of the Lateral Entry Operations Manual. If something is blocking you, name the blocker in writing.

SECTION 6 — ROBERT'S TWO-SCENARIO MEMO — DECISION LOCKED

Strikethrough reconstruction verified against your re-sent source images. Scenario 1 modified locked, three reasons:

1. Workspace rebuild cost (Scenario 2 wipes APEA across every dashboard, every Stripe product, every grant proposal, Schedule D, both websites, all 2,000 course descriptions;
2. Brand equity (APEA is the established public-facing brand — IACP correspondence, LES grant submission, public-facing course catalog).

Then the deeper correction: APEA was originally the IACP parallel. Not the school. So the school umbrella inside Asset 11 takes a new name: American Peacekeeping Academy (APA). APEA stays American Peacekeeping Executive Association and spins out as Asset 14 with its own revenue spine.

LOCKED FOUR-ASSET NAMES — HERE IS YOUR ANSWER

- **Asset 11 = American Peacekeeping Academy (APA)** — Lane 1 school umbrella, 41 schools across 7 clusters (full enumeration Section 9).
- **Asset 12 = American Peacekeeping Standards Board (APSB)** — Lane 2 independent accreditor, separate trust, separate governance board, separate Schedule D entry.
- **Asset 13 = American Public Service Certification Board (APSCB)** — Lane 3 independent credentialing body, separate trust,

separate governance board, separate Schedule D entry.
- **Asset 14 = American Peacekeeping Executive Association (APEA)** — IACP parallel, professional executive membership body, founding-board seats on Assets 11 / 12 / 13, own revenue spine.

Dissolved / absorbed: TEAC (into APA as the holistic healthcare college), AITAGS standalone identity (remains a layer inside APA), MITAGS (stripped from canon — ACLA absorbs the maritime education function), American National Training Accrediting System (ANTAS) (Scenario 2 accreditor, never instantiated).

Asset 5 Wellness Operations stays where Lisa put it. No merger with Asset 11.

You should have brought this answer to me, not asked me to build it Thursday night. School / accreditor / credentialing / professional-body separation is not novel — every regulated profession uses it.

SECTION 7 — LISA'S CONTRIBUTIONS (FOLDED INTO THE LOCK)

1. Scope question on APEA refined into the IACP framing — APEA stays Executive Association, school umbrella becomes APA, APEA spins out as Asset 14.
2. APEA / TEAC delineation cleared — TEAC dissolves into APA as the holistic healthcare college (one school inside APA, not a peer body). Pracademic methodology becomes APA-wide pedagogical standard.
3. Conflict of interest fix — three separate trusts (Asset 11 / 12 / 13) plus the professional executive body (Asset 14) as a fourth peer asset. Lane 1 cannot accredit itself; Lane 2 cannot credential its own students. Resolved structurally.

Andy will schedule a working session with Lisa on the trust spine for the four-asset architecture before Schedule D is updated.

SECTION 8 — RECEIPT

I built this. The ASG / GSG command structure, every Asset, every lane, every trust, every grant, every dashboard, every doctrinal volume in the PAG series — the $46.5 billion-plus portfolio came from my work, my time, my money, my name on the door, my decades from Ground Zero through Baltimore Special Weapons and Tactics (SWAT) to the federal joint assault team to the maritime program.

The Senior Executive Director (Andy) and Senior Deputy Executive Director (Robert) seats exist because I created them. Two names came off the executive layer for cause this year under Incident 2026-01 (INC-2026-01).

Asset 11 was planned out in clean lane separation at project kickoff. Andy told me it was "too much." I scaled it back. Months later you sent me a memo asking me to bless essentially the same structure I had originally drawn. The thing you killed for being "too much" is what I just locked back in for you above.

You have the four-asset answer. You did not earn it. I gave it because this project is bigger than your egos and I am not letting bad executive-layer hygiene hold up the mission. It's been almost six months now. I don't understand - There's no word equal to what I feel right now.

Catch-Up Reports still owed. Implementation of the workspace rename pass does not start until reports land. Decision is locked. Execution gate stays closed until the executive layer earns it. Section 4 format. Today.

If you haven't noticed, this is all for you guys. I've already handed reports in. I have grants that are already in for over two months plus now.

SECTION 9 — APA FULL SCHOOL ROSTER (41 SCHOOLS, 7 CLUSTERS)

Cluster 1 — Academic Core (6): AITAGS; TEAC; ITAGS Institute of Advanced Technology and Cyber Operations; ITAGS Institute of Simulation and Applied Research; ITAGS Institute of Maritime and Specialized Operations; ITAGS Institute of PAG Doctrine and Constitutional Studies.

Cluster 2 — Aviation under Vinnie / AVCOM (10): AVCOM Flight Academy; AVCOM Rotary Operations School; AVCOM Fixed-Wing Operations School; AVCOM Helicopter Hoist Operations (HHO) / Medical Evacuation (MEDEVAC) School (paired with MEDCOM); AVCOM Night Vision Goggle (NVG) and Night Operations Qualification; AVCOM Counter-Unmanned Aircraft Systems (C-UAS) School; AVCOM Electric Vertical Takeoff and Landing (EVTOL) Operations School; AMERI-STAR Aeromedical Response Academy; AVCOM Maintenance and Mechanics School; Nevada Drone Command Center (NDCC) Drone Operations Academy.

Cluster 3 — Maritime (7): American Coastal and Littoral Academy (ACLA — Technical Rescue + maritime credential backbone, replaces MITAGS function); ASG Combat Diver / Special Warfare Diver Academy; Diver Education and Emergency Preparedness (DEEP) Program Delivery (Maritime + Littoral + Inland Lakes); Desert Valor Lake Tahoe DEEP Campus (cold-water / underwater); Desert Valor Lake Mead Campus (warm-water maritime); ASG Inland Waterway Operations School; ASG Maritime Security and Anti-Piracy School.

Cluster 4 — Ground / Tactical / Specialty (9): ASG Airborne Operations Academy; ASG-SOD Academy (Tactical, Joint Federal Assault Team, Presidential Executive Protection tracks); FOSEPS Executive Protection Academy; APCMD ESU Triple-Cert Operator School (capstone — adds Tactical + MEDCOM Tactical Medicine + APC Comms Specialist on ACLA's Technical Rescue); APC Operator Academy; MEDCOM Tactical Medicine School (Department of Health and Medical Emergency Response (DHMER) track); OIIC Investigations Academy; CMS Marshal Academy; PKTF Operations Academy.

Cluster 5 — Working Dog (1): AIMDI Decoy School.

Cluster 6 — Doctrinal (6): AVR Doctrinal Academy (12 volumes); Constitutional Enforcement Seminar (embedded in The Crossing); American Integrated Response and Enforcement (AMERI) Series Academy (12 Continental America (CONAM) volumes); GLOBAL Series Academy (12 Outside Continental America (OCONAM) volumes); PAG Volume Academy (23 volumes); Buffalo Publishing Books 1–5 Curriculum Thread (Extended Edition).

Cluster 7 — Specialty / Adjacent (2): RMC-Rail Academy; RSMN Peacekeeping Academy.

OUTSIDE Asset 11 — operational commands, each its own trust spine: FOSEPS-Operations, ASG-SOD-Operations, Maritime and Littoral Operations Command (MLOC), APC, APCMD ESU, MEDCOM, AVCOM, OIIC, CMS, PKTF, plus the GSG OCONAM regional commands (AMERI-Police (AMERI-POL), CONTI-POL, INTER-USOG.

MITAGS — stripped from canon entirely. ACLA absorbs the function.

DIRECTIONS — WHAT YOU OWE BACK

Andy — owed today in Section format:

1. Catch-Up Report (4 MONTHS and 10 days overdue).
2. Status of all open NCs from recent sessions.
3. Co-sign Scenario 1 modified, or argue Scenario 2 in writing with documented workspace cost analysis.

Robert — owed today in Section 4 format:

4. Catch-Up Report.
5. Confirm strikethrough reconstruction of your two-scenario memo (Section 6).
6. Confirm or argue the locked Asset 12 name (APSB) and Asset 13 name (APSCB). Alternates American National Training Accrediting Association (ANTAA), American Peacekeeping Accrediting Council (APAC), or American Public Service Certification (APSC) remain on the table if you argue them in writing.
7. Resolve the ANTAA vs. ANTAS inconsistency in your own memo.

Crew (Kenny, Rocky, Paul, Vinnie, Lisa):

- Any sitting overdue Catch-Up Reports — submit to Andy .
- Lisa flags the Onboarding Handbook gap for the MEDCOM / DHMER track. I'm pretty sure I gave Paul or I sent out a bunch of onboarding manuals. You guys have reused my work with great success. Reuse that as well.
- All discrepancy logs in Section format from now on.

Drive folder link again for easy reference: **https://drive.google.com/drive/folders/1LseO7z7xkQX_Wg86rBLBP1-vWyGp7wNG**

ONE LAST WORD

I rode all of you hard tonight because I needed to. That said — I do appreciate what each of you is putting in. None of you sit in those seats by accident.

Andy, you carry weight on the enterprise advisory layer that nobody outside this room sees besides Robert,

Robert- your structural memos force me to sharpen the lock every time. Lisa, your read on conflict of interest just earned you a permanent place at the trust-spine table — Asset 12, 13, and 14 exist because you saw the problem and named it cleanly.

Kenny, Rocky, Paul, Vinnie — you each hold a lane I do not have to think about because you are already in it. That is the only reason this thing has gotten as far as it has.

Jersey-quick version: you all do good work. I am asking for more because that is the job. Send the reports, lock the gaps, and we keep moving.

Read carefully. Reply in writing. Act.

And stop busting my balls

— Bobby
