I do not need to know what your feelings are right now. Regroup, talk amongst yourselves, and give me one clean report.

I will not be going back and forth debating things like we did the last three times this happened. I am so sick of this.

I asked for one simple thing. I gave you everything I had to help you with your questions because , I don't know what else I could possibly do except do it for you.

why do I need you if I'm doing it myself?

This is like the third or fourth time this has happened with Andy so don't feel bad for for him
he has two choices:

1. Apologize and give me what I'm asking for.
2. Fucking leave quietly.

Watch the shit he's gonna start now. I'm calling it already

and Robert, I don't need you chiming in either because I can freaking put you in the same boat.
