Part 1: Getting to Know You

Note: Please fully explain a "Yes" answer in questions 1-5 as it may disqualify you to be an American State Citizen due to conflicts of interest.

1. Have you previously, or do you currently work in any branch of government or the legal system or law enforcement at the City, County, State or Federal level? Please Describe.

Answer: NO

2. Do you currently hold any type of professional license (including Lawyer, Medical Doctor, Real-estate agent, or Federal Insurance Agent) issued by the State relating to your work or business? Please describe.

Answer: California Real Estate License – I live in Nevada and not practicing in CA. I will release this license if needed

3. Are you currently in the military (Regular, Reserve, or Guard)? *Thank you for your service!* Which branch and in what capacity and how long have you or did you serve?

Answer: NO

4. Have you knowingly, willingly, and voluntarily joined or pledged yourself to any type of fraternity or fraternal organization (i.e. an organized society such as Freemasons, Knights of Columbus, Shriners, etc.) or incorporated entity at all,

including but not limited to any incorporated church, synagogue, mosque or temple?
Any group you joined. Please describe.

Answer: NO

5. Have you been or are you currently a member of any type of sovereign group, society, organization, or militia? Please describe:

Answer: NO

6. Provide a brief description of how you became aware that something just didn't seem right and that perhaps you were being lied to... whether it was about COVID-19, money, mortgage and credit fraud, the birth certificate scam or the government itself and what you have discovered since then.

Answer: I witnessed the corrupt court system first hand. I heard the judge say "I don't need to follow the law...I make up my own law." That told me something was wrong and I started investigating things further. My wife introduced me to Anna's writings and it all started to come together.

7. Describe any problems you've had with the "GOVERNMENT" and/or "CORPORATIONS" (IRS, Courts, Law Enforcement, Incarceration, Foreclosure, Debt Collectors, etc.)

Answer: None

8. Do you have any political affiliations? Please describe.

Answer: NO

9. Have you previously completed and filed/recorded any type of remedy or status correction or debt discharge documents in the past (i.e. Secured Party Creditor, Common Law Copyright, Accepted for Value, etc.)? Please describe.

Answer: NO

10. Generally describe your background (personal and work).

Answer: Hard working. Have been in Sales and Management. Family man with grown up kids and now have a small farm to manage

11. What is your approach to resolving conflicts?

Answer: First thing is to talk and get all the details. Sometimes you just let people vent and then get to the concern and address it. I am a calm person and this helps to settle the situation down.

12. Do you know who Anna von Reitz is? If so, how long have you followed her and how much of her work have you studied?

Answer: YES. I have been aware of Anna for over 5 years and have been a student for the past year. I have read the Jural Assembly Handbook, Completed the Sign in America Course, read many of Anna's articles, and listen to Anna's calls every Monday.

13. Are you familiar with the common law and self-governing?

Answer: YES

14. Have you studied our Country's history outside of any formal education?

Answer: YES but there is lots more to learn

Answer: I have years of management and sales skills. I am an entrepreneur and I have built and operated successful businesses.

18. Any additional information you feel we should know?

Answer: NO

Part 2: Purpose & Conduct

The Nevada Assembly is dedicated to the restoration of a complete and fully operational land and soil jurisdiction State and County court system serving the people of Nevada, the preservation of the National Trust, the enforcement of the Public Law, the upholding of the Federal Constitution owed to our State and People, the re-population of our land and soil jurisdiction, the filling of vacated Public Offices, and the reclamation of our material and intellectual public and private assets.

"We reserve the right as an Assembly to remove anyone who attempts to destroy or disrupt or commandeer our Assembly. We demand good faith and decorum of all members. It's important to understand that the American Government is radically different than the government you've been used to, so, walking in the door, you don't know how it works. For example, we don't have political parties. We are not a democracy. We are a republic, but not the Federal Republic--we maintain the state republic we are guaranteed. Our government is at peace, so we fly the peacetime flag of our country, not the war flag. These and a great many other things have to be learned and it takes time and commitment to reap the rewards. Are you willing to make that commitment to your State of the Union and your country?"

I am aware that as someone born or Naturalized in this country, I am free to adopt whatever political status I choose. There are three basic political statuses that impact life in various ways and determine whether you stand under Public Law or private law, and whether you are recognized as a free man, an indentured servant, or a slave. Members of this Assembly are all free men and women who have adopted their birthright political status. Depending upon your political or religious leanings, and also your employment, you may fit better or already belong in either one of those other Assemblies. Members of the military have Dual British Territorial Citizenship obligations for the term of their tour of duty. Members of the Federal Civil Service are considered Municipal citizens of the United States as long as they are employed by the Federal Government or its Agencies.

"What this means is, if you have other attachments and obligations owed to foreign governments you may not be eligible to become a member of your State Assembly until such time as you retire from or otherwise leave Federal Employment. If you are a Licensed Professional, such as a Bar Attorney or Medical Doctor, who depends upon a license or a title of honor bestowed by a foreign government for their livelihood, a significant conflict of interest exists and you will be limited to participating as a State National until you retire or leave that employment. Other licenses have to be evaluated to determine if they present such a conflict. Driver Licenses typically do not present a serious conflict of interest, for example, but they may, if an individual makes their living as a Licensed Driver. If you have licenses that could influence your votes, you are required to admit them. Undeclared or unaddressed licenses and memberships in other organizations precluding membership in a State Assembly are grounds for termination. I clearly understand all of the above.

"Americans are owed significant benefits and in coming forward and reclaiming your birthright political status, you are also claiming those benefits for yourself and your progeny. Are you aware of what those benefits are? (Constitutional Guarantees, the right to own land, privacy, protection of your persons, trial by jury, Public Law, equal justice) Other people in this country are not necessarily owed these same rights and provisions, because they have chosen to act as citizens owing allegiance to a foreign government. I am aware of this fact.

Being a member of a State Assembly is an honor and a grave responsibility, and it yields significant benefits. Acceptance is a serious matter. You come into the Assembly voluntarily in search of your heritage as an American and the freedom and peace you are owed. But if you come here in a spirit of rebellion or war, to cause trouble, preach violence, spread gossip and slander, disrupt meetings, seek to control functions of the Assembly, or take other unfriendly actions against the Assembly and its other members, I understand I can be removed from the Assembly.

Your admittance is predicated on your honesty and goodwill. We will not tolerate anyone undermining what we are doing here. With rights go responsibilities.

To these ends, *if I choose to be involved in The Nevada Assembly*, I affirm that I am here to support the Assembly and I will do my best to provide my ideas, skills, and talents to those places where they are most needed. I will not force my will on any member of the Assembly, nor on the Assembly as a Committee of the Whole. I will not gossip, spread rumors, tell lies, hold secret meetings, or engage in any activity to destroy the good work that has been diligently and lovingly accomplished. I will not promote violence of any kind nor act as an insurrectionist or enemy combatant. I understand that any false or incorrect information I may give could lead to my removal from being a state citizen, elector, or any current role I am acting in. If my course needs correction, then it will be done by the Assembly through the lawful process and procedure.
